TRANSPORTATION**

**RULES OF ENGAGEMENT  
WAREHOUSE POLICIES & PROCEDURES**

**IMPLEMENTED JANUARY 1ST, 2019**

**[GOLOGISTICS.IO](http://GOLOGISTICS.IO)**

## Go Logistics working hours

- Monday through Friday from 9:00 a.m. to 5:30 p.m.
- Associated facilities will be closed on all federal holidays and special company days. For more information, please call our office or visit our website. **Go Logistics** operations team will send notification of any closings at least one week prior to any expected holiday informing the hours and operating power during such dates.
- If a customer requires work to be performed outside of working hours or during a holiday, they must call customer service to inform (schedule an appointment) . In the days prior to a Holiday, there will be increased volume of cargo and as such, **Go Logistics** will require advanced notice of work requirements as well.

## Warehouse security

- No guest is allowed to go inside the warehouse without **Go Logistics** escort. Customers with an official badge, issued with their photo, may enter warehouse in order to inspect their items.
- With no exceptions, once the cargo is received by **Go Logistics**, the customer is not allowed to handle the merchandise without a previous Work Order Request authorization and supervision of specific personnel.
- When a customer is inside **Go Logistics** facilities, they should always observe personnel indications and posted signs, including yellow line demarcations indicating **Go Logistics** personnel only. For safety and operational concerns, there are no expectations to this.
- If any complaint arises, please contact our Customer Service department. Lack of compliance may result in an automatic contract lease termination. As you may know TSA, FAA & CBP are constantly monitoring our facilities (as well as others) and have made repeated comments for us to put a stop to this practice. Please allocate reasonable working business hours to comply.

## All warehouse services should be scheduled according to indications below.

- Unloading and loading of containers (Flat racks, Lowboys, etc.):
  - Containers should be booked with all the necessary documentation (packing list, Container #, Booking #, etc.) and shipping information (Container Size, Bonded, Domestic, Floor loaded, palletized, shrink wrap, segregation, etc.) at least 24 hrs in advance per container. If the information is not provided before the container arrives at **Go Logistics**, might not be able to identify who the container belongs to; therefore, there will be a charge of \$25.00 for:
    - \* All cargo received at **Go Logistics** should be consigned (Consignee) to the customer and Care of (C/O) **Go Logistics**.
    - \* Customers may supervise the Unloading or Loading of Containers but must be properly identified with a **Go Logistics** ID badge in advance of work commencement.
    - \* **Go Logistics** will create two truck parking slots in receiving for Booked LTL Cargo. These arrivals will be received at the time we committed to receive them as per the

booking information. To ensure fast receipt, please make certain truck and driver are available at the time of booking. Failure to arrive on time will cause the booking to be voided and truck will be received on a “first come first serve” basis.

- \* Over 10 pallets or oversized skids should be booked at least 24 hrs in advance.
- \* Less than 10 pallets could be booked at least 4 hrs in advance, this will eliminate the order of arrival rule and will give priority to the driver delivering the cargo.
- \* If special works (i.e. segregation, palletizing, labeling, etc.) are needed we require at least 24 hours.

## Official Rules Of Engagement Notice I Page 2

**Cancellations.**

- Cancellations are allowed until 24 hrs before arrivals of containers and 2 hr before LCL works. After this time if any work has been performed to prepare for the cargo reception or the cargo release, the customer will be billed accordingly.

**Transportation late arrival.**

- We know that traffic and congestion occurs fast, and as such, when transportation arrives within one hour of initial appointment, the work will still be performed without any consequences. However, if transportation arrives after this time, work will be postponed for next open time frame. If the remaining of the day and the following day are completely booked, then the customer will decide if work is performed with approved over-time rates or until a time frame is available.
